

Street Symphony

Monica

There's something that I want to say
I feel a little out of place
But I need you to make that change
You promised to keep me out of the rain
I love the cars and everything, the diamond rings
But I loved you much more, baby You said that you were gonna stop when you
Had enough, do what you had to do
Now you, like the profession you've made it for yourself
You said, you cared about me and you
Now all, you wanna do is hustle you
Gotta choose, whatcha gone do, when am I worth it to you baby Never thought I'd be afraid to trust somebody
that I love so much
If I can get him out of the streets then he could come back to me
Now I see that there ain't no us, baby to me that's a definite plus
If I can't get you out of the streets then you don't need to be with me Do you love me like you say
Maybe you could get away
From the life of doin' the wrong things, you promised
Don't make me read about it, babe
Think of me before I'm gone
'Cause when I'm gone, it will be too late You said that you were gonna stop when you
Had enough, do what you had to do
Now you, like the profession you've made it for yourself
You said, you cared about me and you
Now all, you wanna do is hustle you
Gotta choose, whatcha gone do, when am I worth it to you baby Never thought I'd be afraid to trust somebody
that I love so much
If I can get him out of the streets then he could come back to me
Now I see that there ain't no us, baby to me that's a definite plus
If I can't get you out of the streets then you don't need to be with me Never thought I'd be afraid to trust
somebody that I love so much
If I can get him out of the streets then he could come back to me
Now I see that there ain't no us, baby to me that's a definite plus
If I can't get you out of the streets then you don't need to be with me Never thought I'd be afraid to trust
somebody that I love so much
If I can get him out of the streets then he could come back to me
Now I see that there ain't no us, baby to me that's a definite plus
If I can't get you out of the streets then you don't need to be with me Visit the streets or me
The job has taken over pain
I know I've got to leave

'Cause you weren't there for me Visit the streets or me
The job has taken over pain
I know I've got to leave
'Cause you weren't there for me
