Play the Field

Jacquees

Yeah, Jacquees
2017
YeahI'll never take your love for granted
Baby you mean that much to me
And every time i look in your eyes
Baby I see in you, is what makes me complete
See we could be one, and you could do you
And I just play it cool
But whenever you're ready, I'll be waitin', waitin', waitin'
Oh babyI don't wanna play the field
I don't wanna play the field (no more, no more)
I don't wanna play the field (oh woah)
I don't wanna play the field (you got to know, know, know)
I don't wanna play the field
I don't wanna play the field (no more, no more)
I don't wanna play the field (no I don't)
I don't wanna play the field (no more)
Takin' my time I'm patient
Our hearts are racing
This situation
Girl that pussy is my confirmation
Shit so good I had to save it
I never tell our business, baby
Why would I risk your love?
And every time you tell me something, is what I believe
Cause you are what makes me complete
What we do is up to you
Now tell me what's the move
Cause I just, don't wanna be cool, no, no
But whenever you're ready, soon as you're ready
I'll be, I'll be waiting
I don't wanna play the field (no, no)
I don't wanna play the field (no more, no)
I don't wanna play the field (no I can't play)
I don't wanna play the field (no I don't wanna play the field)
I don't wanna play the field (I can't play)
I don't wanna play the field (I, I can't play the field)
I don't wanna play the field (that ain't my place)
I don't wanna play the field (don't wanna play the field)
