

# Who's Gonna Save Us

Gavin DeGraw

I know you got a wild side that I don't wanna hold back  
And everyone I ever had, was just from being stupid and  
I was standing at the edge, we've never been here before  
So are we gonna give in' what happens if we fall Who's gonna save, who's gonna save us tonight, tonight  
Who's gonna save, who's gonna save us tonight, tonight  
And we're too cool with this  
But it's just to shun to fight  
So tell me who's gonna save, who's gonna save us tonight, tonight Politics and presidents, it's like there building  
a wall  
I got me own line of defense, somehow you broke through it all  
At the bottom of an empty bottle, it's where the truth starts to spill  
Don't wanna wake up with regret  
From this feeling that we can count Who's gonna save, who's gonna save us tonight, tonight  
Who's gonna save, who's gonna save us tonight, tonight  
And we're too cool with this  
But it's just to shun to fight  
So tell me who's gonna save, who's gonna save us tonight, tonight See, and believe, you're making me breath  
Deeper than the ocean  
Personas, who can we call  
But risking what we have, it's something more  
Don't wanna lose it all Who's gonna save, who's gonna save us tonight, tonight  
Who's gonna save, who's gonna save us tonight, tonight We've been way too cool with this  
But these words too hard to find  
Should we stop, should we wait  
Before it's too late, to be stopped, should we wait  
Before it's too late Tell me who's gonna save, who's gonna save us tonight, tonight
