Dominator

Sebastian Bach

You know you drive me wild
Angelic demon child
A living succubus
You own meI fell into your eyes
Your lips they hypnotize
You are my everything
My onlySexual tension that I can't explain
Under your spell I'm addicted to painYou love to torture me
Sensual dominator
Tie me up and then you leave
This love is going nowhereAnd when I come
I come only for you
Thrashing my bonds
Believe in the feeling she's trueAnd when you bite my neck
Draw blood drips down my chest
My hearts gots nothing left
You broke meYour touch I can't resist
Living dying just for this
Your poison is a kiss
I'm jonesingSexual tension that I can't explain
Under your spell I'm addicted to painYou love to torture me
Sensual dominator
Tie me up and then you leave
This love is going nowhereAnd when I come
I come only for you
Thrashing my bonds
Believe in the feeling she's trueYou love to torture me
Sensual dominator
Tie me up and then you leave
This love is going nowhereAnd when I come
I come only for you
Thrashing my bonds
Believe in the feeling she's true
