

Smooth My Heart

Cree Summer

It's a good journey, I'm in no hurry
I can see chaos heading straight for me
Give me the dark night, let the sun ignore me
'Cause everything's alright even what ain't good for me I'll smooth my heart down, long enough
For the world to come around
Smooth my heart down, long enough
For the world to come around It's a good journey, I'm in no hurry
Not looking for handouts, don't need no glory
Leave my conditions, keep my edges blurry
I got nothing to hold to, I can't stay gracefully I'll smooth my heart down, long enough
For the world to come around
Smooth my heart down, long enough
For the world to come around Smooth my heart down, long enough
For the world to come around
Smooth my heart down, long enough
For the world to come around Make my silence softer
Take the thrill of my anger
May I sleep through the heat
And wake up a stranger I'll smooth my heart down, long enough
For the world to come around
Smooth my heart down, long enough
For the world to come around Smooth my heart down, long enough
For the world to come around
Smooth my heart down, long enough
For the world to come around
