Free Flight

Whitesnake

Head on down the highway, across the county line
I've had my fill of small town thrills, gonna leave it all behind
Free flight
Free flight
I'm careless in my loving, shameless in my style
If I get caught by the short 'n curlies, I'll just hide out for awhile
Free flight
Free flight
On an' on the road goes on, it'll go on forever
An' just the same I'll live my life, hell bent for leather
Free flight
Free flight
Heaven knows it's driving me crazy, it's a feeling inside
Heaven knows it's in my blood as long as I try, I just can't deny
(Free flight)
Come tomorrow dawn you'll find me gone
(Free flight)
Make no bones about it, I'm moving on
Free flight
(Free flight)
Free flight
Free flight

(Free flight)
Free flight
Head on down the highway, suitcase in your hand
When you get down with your feet on the ground
I know you'll understand
Free flight
Free flight
Heaven knows it's driving me crazy, it's a feeling that's driving me wild
Heaven knows it's in my blood, fool if you try, you just can't deny
(Free flight)
Come tomorrow dawn you'll find me gone
(Free flight)
Make no bones about it, I'm moving on, move on
Free flight
(Free flight)
Free flight

Free flight
(Free flight)
Free flight
Free flight
Free flight
Free flight
