Welcome

fLako

Word up, Erick Sermon an' Keith Murray Kickin' it to the beat Respect my views on this day an' era Keep your eyes upon me an' not the sparrow of Barettas I'm fly than any bird of this earth For what it be, my style is butter like Worth I freak the beat like I'm lost in the twilight A zone with no phone, lookin' over parasites I pack the house like Woodstock when I rock A three day event of me droppin' the illest shit From here to New Jerz, back to Brooklyn an' Queens The Uptown to Bronx River, I still deliver The off the wall for y'all Rearranged, Cameo-type strange, pumpin' through your veins What your mommy do if you're not ready to die like Biggie? I'ma keep jammin' like Ziggy I got the arrows wiped down like Funkmaster Flex Sway an' Tech an' Premier an' we in here It's on like that an' everybody's welcome You are welcome It's on like that an' everybody's welcome You are welcome It's on like that an' everybody's welcome You are welcome It's on like that an' everybody's welcome You are Now, it's on like that, once again, it's gettin' hot Now, it's time to blow up the spot For my niggaz out there on the block gettin' money Playas whose hustlin', doin' their thing But me, I've lounged without the stone Do it for my peeps, take it to the streets All day, everyday, I sets the mood Pile a bell of 'Aye' with new attitudes I change not for the worst, but for the better An' be a trend-setter an' bring the best ever Yeah, teach me for the president So I can bring the vibes through your residence

The ghetto blast, the green eyed rapper slash producer

An' O.J. with the juice Y'all know me, it's the E R I C K

So enjoy the day an' peace to Marvin Gaye
It's on like that an' everybody's welcome
You are welcome
It's on like that an' everybody's welcome
You are welcome
It's on like that an' everybody's welcome
You are welcome
It's on like that an' everybody's welcome
You are

You are Let's groove back an' forth like Aaliyah If you don't got the vibe, then I wouldn't want to be ya I threw it like a rap attack from New York to Hackensack Kiss myself an' jump back, surprise like a Crackerjack The eye can bring the smiles without Chanice An' make enemies call truce, or even peace Funk Lord, fights back again without the force Or blue sky Chewbacca, R2D2 an' the crew The miracle worker, God praise him, praise him All of them ready for the funk, you feel like you want like Whatever you requested an' you suggested That I 'Bring the pain' like Method It's nothin' nice 'cause I'm down for whatever Me an' my Baretta, me an' my Baretta Goddammit, don't leave your dog stranded Who? Yeah, the Green Eyed Bandit It's on like that an' everybody's welcome You are welcome It's on like that an' everybody's welcome You are welcome It's on like that an' everybody's welcome You are welcome It's on like that an' everybody's welcome You are It's on like that an' everybody's welcome You are welcome It's on like that an' everybody's welcome You are welcome
