Take Me In Your Arms (Radio Edit)

Lil Suzy

You came and turned & looked my way
What else can I say
Love was in my eyesYou came & made my life complete
With your love so sweet
You gave your love to me (You gave your love to me)(Chorus)
Take me, take me in your arms
And don't you let me go
I need you more & more
I need you more & more
(Repeat)Your love is all I ever need
You're my destiny
This love was meant to beWe'll find a paradise for two
A place for me & you
We'll make our dreams come true (We'll make our dreams come true)(Chorus)
Take me, take me in your arms
And don't you let me go
I need you more & more
I need you more & more
(Repeat)
