Diamonds

Jack + Eliza

Beauty, call me in the morning
Who's to say it's something that I know
Something I can show
Diamonds, play me for a million
Feeling strike by cherries in the road
Something I can't show
Just play your card
Dark and be acquired
Just play your card
Strike me in this pain
Mirror, call me I come closer
Who's to say I'm someone that I know
Something I can show
Just play your card
Dark and be acquired
Just play your card
Strike me in this pain
I'm dealing fast, can't you see?
I'm better off then you believe
There's not enough fear for me
No not enough in this machine
I've come to pass on empty
Just play your card
Dark and acquired
Just play your card
Strike me in this pain
