

# Loaded

## Dinosaur Jr.

I know why you came here  
I know it's the same fear It seems loaded, it seems true, true  
Got no hand, what can I do?  
I've been struggling, you've been blue through  
I don't get what you need to do I know why you came here  
Please don't be ashamed here  
And should I lay a claim here?  
I know it's the same fear Well, I put me out here  
Well, I move through too  
Will I get the same from you?
