Lullaby

Sia

Send a wish upon a star
Do the work and you'll go far
Send a wish upon a star
Make a map and there you are
Send a hope upon a wave
A dying wish before the grave
Send a hope upon a wave
For all the souls you failed to save
And you stood tall, now you will fall
Don't break the spell of a life spent trying to do well
And you stood tall, now you will fall
Don't break the spell of a life spent trying to do well
Send a question in the wind
It's hard to know where to begin
So send a question in the wind
And give an answer to a friend

Place your past into a book
Put in everything you ever took
Place your past into a book
Burn the pages, let them cook
And you stood tall, now you will fall
Don't break the spell of a life spent trying to do well
And you stood tall, now you will fall
Don't break the spell of a life spent trying to do well
And you stood tall, now you will fall
Don't break the spell of a life spent trying to do well
And you stood tall, now you will fall
Don't break the spell of a life spent trying to do well
Send a wish upon a star
Send a wish upon a star
