2 Faced

Louise

Oh, who does she think she is? I don't know
Do you reckon they're real? Too little
Hi, girls, hi, Louise, alright, how's it going?
Good, yeah, greatOh, oh, twisted and deceitful
All those 2 faced people, taking me for some kind of fool
Oh, oh, pretending to be so nice
Let me give you my advice, I don't need you, oohFriends in disguise, dressed up in lies
It's a knack that you're playing
Oh, oh, first you recognize me
Then you criticize me, what's going on?Stop your bitching 'cos you're so sad
Bitching behind my back
Honey, I don't need that
So kick it to the kerbBecause I heard you're 2 faced
Trying to get in my place
Work too hard to make mistakes
So stop your bitching on meOh, oh, they're so narrow minded
Truth is so one sided, they're just counterfeit
Oh, oh, hot and cold you're blowing
Sheep in wolves clothing, who are you trying to kid?, Yeah2 faced people are so shallow
Put yourself in my place
Oh, oh, the fairy tells you're spinning
Sounding so convincing but I'm at a lossSo stop your bitching 'cos you're so sad
Bitching behind my back
Honey, I don't need that
So kick it to the kerbBecause I heard you're 2 faced
Trying to get in my place
I work too hard to make mistakes
So stop your bitching on mePoison words are spoken
My faith in you is broken
But I'll make it on my ownOh, oh, twisted and deceitful
All those 2 faced people, taking me for some kind of fool
Oh, oh, they're so narrow minded
Truth is so one sided but honey, you rockStop you're bitching 'cos you're so sad
Bitching behind my back
Honey, I don't need that
So kick it to the kerbBecause I heard you're 2 faced
Trying to get in my face
Worked too hard to make mistakes
So stop your bitching on me'Cos you're so sad

Bitching behind my back
Honey, I don't need that
So kick it to the kerbBecause I heard you're 2 faced
Trying to get in my face
Worked too hard to make mistakes
So stop your bitching on meStop this hypocrisy
And criticizing me
'Cos I don't wanna be
With 2 faced people, yeahShe's probably talking about us
Behind our backs right now
Yeah, she probably is, she's like that
Yeah, she's 2 faced
I'll never trust anything she says again
I can't believe you said that about me
Believe it, honey
