

The Passion

Jaden Smith

Done with reminiscing
Spittin' fire hotter than the pot up in the kitchen, yuh
And lately I've been itchin' to take a rapper on
'Cause I'm really done with all the sneak disses, yuh
My whip is fully electric, you need a lesson just to whip it, ay ay
I'm on the other side havin' way too good a time
Baby, why you still trippin'? Yuh
Probably 'cause I'm sippin' penicillin
'Cause I'm so sick, Joker, I'm just chillin' like a villain, yuh
Couldn't think of any better feelin', no
I hope you trip when I whip out the flow, what?
She got the ice, I can tell, watch when I slip on the snow, oh
Gas, goin' fast to my destination, I ain't worried 'bout traffic (no) Look, are we in Colorado (wait) or at Mardi
Gras?
Girl, you party hard, I'm a genie in a bottle, ay
Wishin' for all y'all, get the motorcycle, hit the throttle
Watch me hit them guitar notes
I just need me a model, reincarnation's tomorrow
The passion, the passion
The passion, the passion
Ay, skinny, young, jiggy in the city, yuh (yo), hu
I say I wanna battle and you say you too busy, no
You just don't want to mess with the finessin'
I did it, they say you stressin', keep living
I hope you know that I been spinning since I turned seven
If you're a ship, I'm 'bout to wreck it, I told you
Look, skinny, young, jiggy in the city, yuh
I don't talk to you, I'ma talk to my bruhs, uh
Go to Philly, say hello to my cousin, oh
You talking all that mess, I know you don't want it, no
Hey, skinny, young, jiggy in the city, yuh
Hey, oh, be my baby girl, you hella pretty, yuh, yuh, yuh
And when I cross down the street to this beat, I'm popping a wheelie
Hey, keep my family closer than these jokers, don't make me go to Philly
I told you
I'm 'bout you, all you
I'm not gonna hold you
Shoutout to Whole Foods
Them jokers are old news

You know it's lit when they don't notice you
I'm 'bout to market Tesla
And I shed a bullet for my MSFTS soldiers who I owe it to
The FDA is all on me and you know it's true
The clique is rolling and I'm on the move
The passion, the passion
The passion, the passion
Look, are we in Colorado (wait) or at Mardi Gras?
Girl, you party hard, I'm a genie in a bottle, ay
Wishin' for all y'all, get the motorcycle, hit the throttle
Watch me hit them guitar notes
I just need me a model, reincarnation's tomorrow Yo, little (Syre, don't do this)
I don't wanna cry
I just want to get you out of my mind
(Don't open up your)
Open your eyes
I been by your side through all of this time
Excuse the disguise
For all the magic that is hitting my mind
We're living a lie
Open your eyes
I been by your side through all of this time
Through all of them guys
Through all of them lies Ooh, help us
Something is new
Tell us
Talking to you
Selfish
I do not want to die
Ooh, help us
Something is new
Tell us
Talking to you
Selfish
I do not want to die
