Fever

Eva Cassidy

Never know how much I love you
You never know how much I care
When you put your arms around me
I get a feeling that I just can't bear
You give me fever when you kiss me
Fever when you hold me tight
Fever in the morning
Fever all through the night
Bless my soul I love you
Take this heart away
Take these arms I never use them
And just believe what my lips have to say
You give me fever when you kiss me
Fever when you hold me tight
Fever in the morning
Fever all through the night
Listen to me baby
Hear every word I say
No one can love you the way I do
Because they don't know how to love you my way
You give me fever when you kiss me
Fever when you hold me tight
Fever in the morning
Fever all through the night
The sun lights up the daytime
The moon lights up at night
My eyes light up when you call my name
Because I know, you're gonna treat me right
You give me fever when you kiss me
Fever when you hold me tight
Fever in the morning
Fever all through the night
You give me fever
You give me fever, oh yeah
Fever all through the night
