How Would You Feel

David Morales

Do you feel your in a dream?
Is it real or hardly what it seems?
Can your heart decipher game?
Will you stay or burn me in your flames?

Do you want to remember?
Will it last forever?
Was it what you imagined?
Or did it feel like magic? Oh

How would you feel?
How would you know?
If it was truly love?
If it was truly love?
If it was truly love?
If it was truly love?

Could you sleep or did you hardly eat?
Could you breathe when you were next to me?
Does a song remind you of my smile?
Or did my sent just linger on for a while?

Do you want to remember?
Will it last forever?
Was it what you imagined?
Or did it feel like magic? Oh

How would you feel?
How would you know?
If it was truly love?
If it was truly love?
If it was truly love?
If it was truly love?
