Over My Heels

Anna Mae

Verse 1:
Like a record, you got that rhythm that keeps spinnin me round
Like London Bridges, I'm losin' stitches and I am fallin' down
Stutter my talkin, when you walk in, like you run the town
If you're the king I, guess I'm the queen who's, wearing the guilty crownPre-Chorus:
My head is too far over my heels
My head is too far over my heelsChorus:
I'm in love lockdown baby
'Cuz you put the cuffs on me
I'm in love lockdown baby
Could you come set me freeVerse 2:
We stopped in Memphis where all the blue kids come out to pick n play
You took my hand and, by 4 am we, had danced the night away
Bodies facing, mirrored gazing, this where we gonna stay?
When this night replays, they'll think i'm crazy, i don't mind anywayPre-Chorus:
My head is too far over my heels
My head is too far over my heelsChorus:
I'm in love lockdown baby
'Cuz you put the cuffs on me
I'm in love lockdown baby
Come set me freeRepeat Pre-Chorus/Chorus
