Bunker bustin' mega ultra super, ahh ahhh! Holy crap, ahh!  
Oh my god! Oh my god! Oh my god! K. O.!One- up, power up, already leveled up  
Options set to difficult, love a challenge, typical  
Raging through my enemies, kicking ass so happily  
Supernova, bend you over, to the lava! game over! I'm saying "Yay!" when I'm knocking you right off the stage,  
B\*tches hate but I don't play, smash a Goomba any day!  
I'm on a mission, trying to save the princess!  
Dashing, smashing, knock you outta commission! I'm a killer like a Manson, you're blowin' like you're  
Hanson, Your powers are weak when you go against me,  
You better recognize, leave you paralyzed!  
Body in the woods, leave you here to die,  
You will never find another one of our kind!  
Like a machine; ultimate in design! Super power monster flowers to the sky!  
Beyond! Uh!  
Course clear winning cheer! I'm on star power!  
Incredibly invincible!  
Knocking b\*tches out the way,  
Watch me on instant replay! I'm on star power!  
Incredibly invincible!  
Knocking b\*tches out the way,  
Watch me on instant replay! Points racking up, I'm on the winning team!  
Your score adds up but you can't beat me!  
Points racking up, I'm on the winning team!  
Your score adds up but you can't beat me! Game over grandma! Sorry, I ain't got time to play,  
I don't got the time to waste.  
I get the gold at every race,  
I live my life in the passing lane. Can you please hold while I write my next album?  
All my tracks are on the charts, pull them up and let you count them.  
The number to my score keep on flowing like a fountain,  
I'm gonna kill you b\*tch like my name is Ed Gein And my health bar never leaves green,  
I'll burn through your lives like dry weed,  
I'm pretty f\*cking bright kinda how my chronic be!

I'm on the winning team, you can try but you'll never be! One by one you'll all leave the screen,  
I'm going on a killing spree!  
At the top we will be,
