Warm Whispers

Missy Higgins

Your warm whispers
Out of the dark they carry my heart
Your warm whispers
Into the dawn they carry me through
And I am weeping warm honey and milk
That you stay surrounding me, surrounding me
Your warm whispers
Letting me drown in a pool of you
Your warm whispers
Keeping the noise from breaking through
And I am weeping warm honey and milk
That you stay surrounding me, surrounding me

Yeah, I am weeping warm honey and milk
That you stay surrounding me
Your warm whispers
Your warm whispers
And I am weeping warm honey and milk
Your warm whispers
Yeah, I am weeping warm honey and milk
Your warm whispers
Your warm whispers
Your warm whispers
Your warm whispers
