

# Ghetto (World Trade Remix)

P.O.D.

I believe, that this world believes in love  
I believe, that this world believes in love  
Love We might never really agree  
On anything about the lives we live  
Between you and me, so differently We don't always see things the same  
We should agree to disagree  
If we meet at love we can work it out I believe, you and I will overcome  
I believe, you and I believe in love  
Love Whether you think I'm so confused  
Or if you feel the way I do  
So don't give in to this hate within Living in this world of pain  
Don't let it bring you down  
The world is a ghetto  
The world is a ghetto  
And the world is a ghetto  
(Ghetto ghetto)  
And The world is a ghetto  
(Ghetto ghetto)  
And The world is a ghetto  
(Ghetto ghetto)  
And the world is a ghetto I believe that this world believes in love  
(I believe)  
You and I believe in love  
Love
