

Over Again

Far Beyond Frail

How long will love last now?

How long will love last now?

How long will love last now?

How long will love last now

Until itâ€™s over again?

Until itâ€™s over again

I watched you walk on by

I watched you walk on by

I watched you walk on by

And tears came to my eyes

Never thought Iâ€™d feel this way

When I see you

I wanna think this is maybe worth a chance

But I really canâ€™t say

How long will love last now?

How long will love last now?

How long will love last now?

How long will love last now

Until itâ€™s over again?

Until itâ€™s over again

I held onto you tight

I held onto you tight

I held onto you tight

And you kissed me goodnight

And you left me here alone

And I hope that when tomorrow comes

You will come around again

But I really donâ€™t know

How long will love last now?

How long will love last now?

How long will love last now?

How long will love last now

Until itâ€™s over, over again?

Until itâ€™s over, over again

Until itâ€™s over, over again

Until itâ€™s over, over again...

Again!

Again!
