

# The Day (Radio Edit)

Moby

I try to know when to leave  
She sits in the bedroom and grieves  
There's a sequence that starts all again  
She can't get up anymore with the pain  
The combination of these drugs  
Has left her hopeless and lost  
She wants to count the ways  
But she can't count again [Chorus]  
I will be right here  
Till all the pain  
Just disappears  
I will always stay  
Till all this light  
Just kills the day  
I strangle my words  
Once, I tried a thousand times  
Slaughtered like Gods  
When the silver shines so hard  
I tried to poison my life  
Always dreaming on the edge of the knife  
She always looked backwards  
And I can sit here for even ten minutes or more [Chorus]  
Oh hold on  
Oh hold on  
Just try again, again [Chorus]  
Oh hold on  
Oh hold on  
Just try again
