

John Wayne

Lady Gaga

[Verse]

Feel like every John is just the same

I'm sick of their city games

I crave a real wild man

I'm strung out on John Wayne[Chorus]

(Bad man city, no one's city, bad man city, oh well)

Baby let's get right, John Wayne

(Bad man city, no one's city, bad man city, oh well)

Baby let's get right, John Wayne
