

Psychopathic Eyes

L.A. Guns

Screaming bloody blue murder, she kicks in the door
Says, "This is the last time that you and this whore
Will ever deceive me, I will not be a fool
Don't stick around me, I'm gonna lose my cool"
Then proceeds to melt down
She's got psychopathic eyes, so full of hate
Psychopathic eyes, I can't relate
Psychopathic eyes, she just wants to kill me
We go to the rock show and she's already high
She says, "Don't worry, baby but I think I know this guy
I've heard the excuses, you'd think that I'd know better"
But then I say okay and I go and let her
She comes back wasted
She's got psychopathic eyes, don't get any greener
Psychopathic eyes, I ain't nobody meaner
Psychopathic eyes, she just wants to kill me
Hey, hey, what do you say?
Take heed of my warning, you
hedonistic boys
Beware of the psycho who loves then destroys
The ass is much cleaner on the other side
Don't believe a word they tell you otherwise
Life is short, be thinking
Psychopathic eyes, so full of hate
Psychopathic eyes, I can't relate
Psychopathic eyes, she just wants to kill
