Circles

Colbie Caillat

I was running in circles
It was only a matter of time

Before I found myself drowning in troubled liesWas staring back at what I'd seen for a long, long time How did I break it?

How did I clear my mind? This feeling just gets better all the time

So beautiful in front of me that I can't believe my eyesI know if I move ahead time is one my side

I'm free from the circle

There'll be no regrets this timeI was hiding in places I knew nobody could find
Until I found myself spinning in rewindWas staring back at what I'd seen for a long, long time
I had to break it, I had to clear my mindThis feeling just gets better all the time
So beautiful in front of me that I can't believe my eyesI know if I move ahead time is one my side
I'm free from the circle

There'll be no regrets this timeHard times that I like to forget about So much I held inside

God let it outIt took a while to find it

But now I'm here and I can't deny itThis feeling just gets better all the time

So beautiful in front of me that I can't believe my eyesI know if I move ahead time is one my side

I'm free from the circle

There'll be no regrets this time
