The Sun No Longer Rises

Immortal

In the mist of the twilight you could see me come
To walk the endless woods aloneThe Earth is freezing
As I walk it become colder
Forever descending in a place of the moonWhere shadows moves with grotesque eyes
Where demons rise
Surrounded by black and mourning moon fogAnd the eyes of the dark ones
Sempiternal woods wait only for me
A path opens clearlySun no longer rises
Over cold and forgotten valleys
Sun no longer rises
Where I walk
Where I comeI believe in tragedies
I believe in desecrationTo the North
And into eternal wintersTo the north
In the grip of eternal frost
