Land Of Confusion

[In Flames](#)

I must've dreamed a thousand dreams
Been haunted by a million screams
But I can hear the marching feet
They're moving in, into the streets
Now did you read the news today
They say the danger's gone away
But I can see the fire's still alight
Burning, burning, into the night
There's too many men, too many people
Making too many problems
And not much love to go around
Can't you see this is the land of confusion
This is the world we live in
And these are the hands we're given
Use them and let's start trying
To make it a place worth living in
Ooh Superman, where are you now?
When everything gone wrong somehow
The men of steel, men of power
Losing control by the hour
This is the time, this is the place
So we look for the future
But there's not much love to go around

Tell me why this is the land of confusion
This is the world we live in
And these are the hands we're given
Use them and let's start trying
To make it a place worth living in
I won't be coming home tonight
My generation will put it right
We're not just making promises
That we know we'll never keep
Too many men, there's too many people
Making too many problems
And not much love to go around
Can't you see this is the land of confusion
Now this is the world we live in
And these are the hands we're given

Use them and let's start trying
To make it a place worth fighting for
This is the world we live in
And these are the names we're given
Stand up and let's start showing
Just where our lives are going to
