Lustmord

Moonspell

Whatever haunts me from birth on
Is leaking white blood again
It is sickening my hearts
While I divide yours in twoLustmord
(Never stop to hurt you)
Lustmord
(Never stop to love you)
Lustmord
(Never stop to hurt you)
Lustmord
(Never stop to love you)I will never stop to hurt you
Now that I have you with me
So close together in one body
I feel safe but what about you?The soft, sweet wound of normalcy
Is sweating white blood again
Oh I am fingering every inch of it
Grateful for who I amYou're my interruption
My crossroad of just one way
My object without a function
But still mine anywayLustmord
LustmordUnpredictable, when I kiss it burns
Irresistible as a crowd of only one
I am so addicted and you are so down
Yore are nailed forever to my sense of lustLustmord
(Never stop to hurt you)
Lustmord
(Never stop to love you)
Lustmord
(Never stop to hurt you)
Lustmord
(Never stop to love you)
