Be You

Taylor Landry

All this people always coming to me
asking how to be themself and how to be more free
I said
You gotta do what you gotta do
no matter what people all gonna judge you
Stop being unhappy with yourself
you are perfect, stop wishing you were someone else
DonÂ´t worry about all the words they say
those words don't matter anyways

Cause what goes around comes around
baby talk in a little town
You have a clean and dirty mouth
haters gonna hate
a long long years from now
everythings gonna be alright
keep your light on shining bright
no matter what you say
no matter what you do
always be you
be you
be you
stay true
just do what you gotta do
what you gotta do

Don't let anybody else bring you down
let the world just fall out to the ground
Hold your head high, raise your rocks to the sky
to fraid is good so wipe the tears from your eyes

don't let them stop you from doing what you wanna do
believe you can't, to yourself you gotta stay true
DonÂ´t worry about all the words they say
those words don't matter anyways

Cause what goes around comes around
baby talk in a little town
You have a clean and dirty mouth
haters gonna hate

a long long years from now
everythings gonna be alright
keep your light on shining bright
no matter what you say
no matter what you do
always be you
be you
be you
stay true
just do what you gotta do
what you gotta do

(Rap)
I donÂ´t know about you
but I know about me
I'm gonna live my life
no matter what anybody thinks
it's up to you
it's not up to them
you gotta stay positive to the very end
who cares what they think
you gotta do your own thing
you gotta live your life
being who you wanna be
they gonna bring you down
until you fall to the ground
smile at them haters and go
give them a kiss now

Cause what goes around comes around
baby talk in a little town
You have a clean and dirty mouth
haters gonna hate
a long long years from now
everythings gonna be alright
keep your light on shining bright
no matter what you say
no matter what you do
always be you
be you yeah
Cause do what you gotta do yeah

(Spoken)
I just wanted to say

no matter how many people doubt you
don't let them stop you
from being you
