

# Got 2 Be Down'' (featuring Faith Evans)

[Robin Thicke](#)

This goes out to you and you and you  
Check it out, one two, one two  
Uh huh, yeah, yeah All this love and aggravation  
I've wasted so much of my life  
All this truth and separation  
We work so hard to make things right Got that lovin', got that seed  
Got that suga', got that sweet  
Got that money, got that beat  
Got that whatever you need  
Oh, I can't hide it; you're my world  
Got me thinking I'm no good  
Chocolate lover, you're so sweet  
Got me thinkin' on my feet Sayin', there'll be no problems (no, baby) to get out of  
I got to be down (said, I got to)  
And amazing (amazing) or I'll go crazy (go crazy)  
In this house  
Oh, I got to be down, woo (We gotta get it together) c'mon  
(We gotta get it together) sweet baby  
(We gotta get it together) I got to be down  
(We gotta get it together) woo, ooo, ooo You were always number one to me  
Even when I cursed your name  
And if I could (and if I could)  
I would've been gone (you would have been...)  
But nothing's like being in love with you, babe Got that lovin', got that seed  
Got that suga', got that sweet  
Got that money, got that beat  
Got that whatever you need  
Oh, I can't hide it; you're my world  
Got me thinking I'm no good  
Chocolate lover, you're so sweet  
Got me thinkin' on my feet Sayin', there'll be no problems (no, baby) to get out of  
I got to be down (I got to)  
And amazing (amazing) or I'll go crazy (go crazy)  
In this house  
Oh, I got to be down, woo We gotta get it together (ooo, baby)  
We gotta get it together (you know)  
We gotta get it together (I got to be down)  
We gotta get it together  
We gotta get it together (c'mon)

We gotta stick together (sweet baby)  
We gotta stay together (I got to be down)  
We gotta get it together (ooo, ooo, ooo)I'll go crazy, baby, without you (c'mon, baby)  
Oh, I got to be down (yeah, yeah)  
And amazing (amazing) or I'll go crazy (go crazy)  
I'll go crazy (so crazy) without you  
I got to be downWe gotta get it together (c'mon)  
We gotta get it together (sweet baby)  
We gotta get it together (I got to be down)  
We gotta get it together (got to, straight up got to)  
We gotta stick together (ooo, pretty baby)  
We gotta stick together (we got to)  
We gotta stick together (I got to be down)  
We gotta get it together (I got to, straight up got to)  
We gotta get it together (That's what we need)  
We gotta get it together (gotta get it together)  
We gotta get it together (oh yeah)  
We gotta get it together (straight up got to)  
We gotta get it together (sweet darlin')  
We gotta stick together (oh baby)  
We gotta stick together (oh)  
We gotta get it together (ooo)What we need  
That we gotta get it together (got to, straight up got to)  
Oh yeah, woo (c'mon)  
C'mon baby (got to be down, woo)
