

Gotta Bounce

The StoneWolf Band

(Whistle) Well its such a pleasure to meet ya, you're shaped like my favourite letter, you know
she got the flames in the palm of her hand, we're meant to be together like the sea
and the sand, well isnt life just peachy? its amazing what a crisis can teach ya
i lie awake at night thinkin about what you've done, how could my pretty baby break my
heart just for fun. We are the ones that will start the Revival!

we are the ones that will start the Revival!

We are the ones that will start the Revival!

Join as one, yea, singin Na na na na na na

na na na na na na, yea, its just the way of the world. now i see just how you're thinkin, you're progressively
under-acheiving, you know you work

your whole life just to sit in a square, they're breathing down your neck, aint get a equal
share, you know you woke up in the morning with a gun in your hand, keep rushing through
your life an then its over in a bang! you're bringin me down, stop filling my doubt, quit
bringin it out, yea! We are the ones that will start the Revival!

we are the ones that will start the Revival!

We are the ones that will start the Revival!

Join as one, yea, singin Na na na na na na

na na na na na na, yea, its just the way of the world. i think you're bouncin in the deep end, keep it bouncin out
of town, yea

goin bouncin in the deep end, ah, Keep it bouncin out of town
i think you're bouncin in the deep end, keep it bouncin out of town, yea
goin bouncin in the deep end, ah, Keep it bouncin out of town (whistle)
