Blame It On Me

Casey Abrams

You Try to analyze, think about your allibi
Before you break your own curfew
And try to work your way out of something you can't stop
Because you're already into
So weak on your feet you're fallin' for me
No way to escape now
'Cause there ain't no use, don't need no excuse
To stick aroundDon't blame it on the moon that pulls you close up
Your head or your heart, don't blame it on love
Just blame it on me
Don't blame it on a kiss on the kitchen sink
Baby it's easier then you think
Just blame it on meBeing intoxicated is a little overrated
If you're looking for an answer
I could get lost in those eyes all night
Until I make you surrender
Soon morning will come
You're gonna come undone
And you don't wanna leave now
Baby tell me the truth
There's only one excuse to stick aroundDon't blame it on the moon that pulls you close up
Your head or your heart, don't blame it on love
Just blame it on me
Don't blame it on a kiss on the kitchen sink
Baby it's easier then you think
Just blame it on meOh no it's happening again
I think we're more then friends
I'll make you think of a reason
Why I won't let you leaveDon't blame it on the groove of a saturday night
Don't blame it on the wrong when it's right
Don't blame it on the moon...
Blame it on me
Don't blame it on a kiss on the kitchen sink
Blame it on me, blame it on meDon't blame it on the moon that pulls you close up
Your head or your heart, don't blame it on love
Just blame it on me
Just blame it on meOh don't blame it on a kiss on the kitchen sink
Oh baby it's easier then you think
Ooh ooh

You gotta blame it on me
You gotta blame it on me
Blaming nobody else just me
You gotta blame it on me
You gotta blame it on me...
Blame it on me
