

Smile

Pete Murray

Please come walk with me
And we will walk forever
Come and touch my skin
You control my shiver Feel sunny day
Believe your time has Come today
Throw in your prime
And know it's here
To stay I have seen days
When your smile goes on forever
You light up the room
In the deepest darkest weather Feel sunny day
Believe your time has Come today
Throw in your prime
And know it's here
To stay Be free to see
Your smile, soft sway
I'm sure you want this day Believe your time has Come today
Throw in your prime
And know it's here
To stay Be free to see
Your smile, soft sway
I'm sure you want this day Ba ba da da da da
Ba ba da da da da
Ba ba da da da da
Ba ba da da da ba da da ba da da Ba ba da da da da
Ba ba da da da da
Ba ba da da da da
Ba ba da da da da da da
