

Haven't We Lost Enough?

Crosby, Stills & Nash

I was with you, you were alone
Now I'm standing here
Wisdom came only after you'd gone
So I'm starting all over with a tear in my eye
I just never thought that you'd disappear
In the night your image arises close behind comes the pain
I hope I'm dreaming 'cos it hurts so bad
When I reach out for you I'm alone in some room
I just never thought that you'd disappear
I still love you, like a child wasn't I good enough?
I still want you, drives me wild
Haven't we had it rough?
Haven't we lost enough?
Time heals all so they say I don't know
Sometimes nothing is clear
Maybe someday I'll understand
But I know for a start there's a place in my heart
That is yours and it won't disappear
I still love you, like a child wasn't I good enough?
I still want you, drives me wild
Haven't we had it rough?
I still love you, like a child wasn't I good enough?
I still want you, drives me wild
Haven't we had it rough?
Haven't we lost enough?
