## Haven't We Lost Enough?

## Crosby, Stills & Nash

I was with you, you were alone Now I'm standing here Wisdom came only after you'd gone So I'm starting all over with a tear in my eye I just never thought that you'd disappear In the night your image arises close behind comes the pain I hope I'm dreaming 'cos it hurts so bad When I reach out for you I'm alone in some room I just never thought that you'd disappear I still love you, like a child wasn't I good enough? I still want you, drives me wild Haven't we had it rough? Haven't we lost enough? Time heals all so they say I don't know Sometimes nothing is clear Maybe someday I'll understand But I know for a start there's a place in my heart That is yours and it won't disappear I still love you, like a child wasn't I good enough? I still want you, drives me wild Haven't we had it rough? I still love you, like a child wasn't I good enough? I still want you, drives me wild Haven't we had it rough? Haven't we lost enough?
