

# Balloon Maker

## Midlake

He was a great balloon maker  
The balloons were never known for speed  
There's no way that you'll get sweet  
You asked me to waste some time  
Come out to see the sun, you're all we've got  
But I said, "I think there's more of them like us"  
And he said, "You might be right we'll find them in time  
Somewhere" I had a dream, yeah  
He was a great balloon maker  
Then they outlawed all balloons  
He packed up and put his things away

He asked me to waste some time  
Come out to see the sun, you're all we've got  
But I said, "I think there's more of them like us"  
And he said, "You might be right we'll find them in time  
Somewhere" I had a dream  
Come out to see the sun, you're all we've got  
But I said, "I think there's more of them like us"  
And he said, "You might be right we'll find them in time  
Somewhere"
