Sick Of You

ë¯ë¸

You know fairy tales don't come true, not when it comes to you
open up for the first time, and you can bet that it's the last time
And I'm cool with laying low, it's Saturday night and I'm staying home.
I'm feeling good for the first time, it's been a while since the last time.
I wave goodbye when you say hello, woah,
I'm sick of the sleepless neverending nights.
I just don't care who was wrong or right,
I'm sick of the rumors and the alibi's
You tear me up, I cut you down a size
S-S-S-S-So Sick of You
So sick of you, sick of all your little lies
S-S-S-S-So Sick of You, So sick of you, so sick of all the girls by your side
What you don't know, is how great it feels
to let you go.
I got your game it's so see through, you know i'm way to good for you.
I'm movin' on to the next time, you drop the baggage and I'll be fine
When it's time to reminisce, you're gonna realize you miss this
You're in my mind for the last time, and at the most you were a past time.
I wave goodbye when you say hello, woah,
I'm sick of the sleepless neverending nights.

I just don't care who was wrong or right,
I'm sick of the rumors and the alibi's
You tear me up, I cut you down a size
S-S-S-S-So Sick of You
So sick of you, sick of all your little lies
S-S-S-S-So Sick of You, So sick of you, sick of feelin' right by your side
What you don't know, is how great it feels
to let you go
I'm happier alone, take down your pictures, and then throw those memories out the door, I'm sick of you, so sick of you, sick of all of your little lies.
I'm sick of the sleepless neverending nights.
I just don't care who was wrong or right,
I'm sick of the rumors and the alibi's
You tear me up, I cut you down a size
S-S-S-S-So Sick of You
So sick of you, sick of all your little lies
S-S-S-S-So Sick of You, So sick of you, so I'm gettin' on with my life
S-S-S-S-So Sick of You, I'm so Sick of You, So Sick of You (Oh woah)

So sick of you, I'm so sick of you
What you don't know, is how great it feels
to let you go
