

Laugh Or Cry

Toni Fisher

This ain't no tragedy, this ain't no addiction
This ain't no comedy, this ain't no fiction
But baby you make me laugh
And baby you make me cry
I don't mind either way
Now I don't care why

You just gotta laugh or cry
Right till the day you die
Just open up your heart
Or open up your eyes
Laugh or cry

So anytime you wanna laugh
Anytime you wanna cry
Just open up your heart
Or open up your eyes
And baby laugh or cry

And baby I know that you'll thank me someday
(Don't hide your emotions)
And baby I know that you'll see it my way
(Forget all of these notions)

So anytime you wanna laugh
Anytime you wanna cry
Just open up your heart
Or open up your eyes
And baby laugh or cry
Right till the day you die
