

# There Will Never Be Any Peace

## The Chi-Lites

There will never be any peace  
Until God is at the conference table  
There will never be any peace  
Until God is seated at the conference table  
(He? s at the conference table)Men are runnin? from land to land  
Tryin? to make things alright  
Holding meeting after meeting, constantly reaching  
For what they maybe thinking is rightEverybody has a plan  
Ain? t that just a man  
People can? t you understand?  
We gotta tell? emThere will never be any peace  
Until God is seated at the conference table  
(He? s at the conference table)  
There will never be any peace  
Until God is seated at the conference table  
(He? s at the conference table)What went on in the dark  
Has come to light  
Tell me who's to blame  
And what? s his name?You can point your finger  
But you gotta remember  
What was done was done by a man  
So we gotta tell? emThere will never be any peace  
Until God is seated at the conference table  
(He? s at the conference table)There will never be any peace  
Until God is seated at the conference table  
(He? s at the conference table)  
There will never be any peace  
Until God is seated at the conference table  
(He? s at the conference table)There will never be any peace  
Until God is seated at the conference table  
(He? s at the conference table)Oh yeah, until God is seated  
(There will never be any peace, until God)  
At the conference table  
(He? s at the conference table)God only needs  
(There will never be any peace)  
God seeing it [Incomprehensible]  
(Until God)  
Every body sing together  
(He? s at the conference table)There will never be any peace

No, no, peace  
(Until God)  
Until he is seated at the conference table  
(He's at the conference table) There will never be any peace  
So sing a little prayer now  
(Until God, He's at the conference table)  
Everybody  
(There will never be any peace until God  
He's at the conference table) Holding hand in hand  
(There will never be any peace)  
All over the land  
(Until God)  
He's at the conference table
