

Box Chevy

[Rick Ross](#)

I smell pussy on these niggas man
Come on nig, lets do it I try to let you pussy niggas eat
It's time to put your pussy boys to sleep
Pussy niggas always wanna talk
I'm busy getting pussy like a fucking boss I smell a pussy from a block away
Lets shoot them pussies from a block away
They wanna see a nigga in a cage
Baby mama garnishing a nigga wage
I just went and got the Chevy sprayed
Pussy nigga wanna scratch a nigga paint
Pussy nigga wanna see you fall
Just know to bring them choppers when you see me call
I tried to let them pussy niggas eat
It's time to make you pussy boys extinct
I took a quarter Key to Polk county
All my central Florida nigga straight 'bout it
Broke down the brick I'm back in Bartow
Belle Glade box Chevy on my car phone
J-Ville I went and bought a condo
Back to the crib where I get it by the car load I started with a box Chevy
Then I got the blue Lexus
My bitch stay down with me
So now she got the new Lexus I went and got my bitch her very own salon
Get her hair do everyday do the fuck she want
I started in a box Chevy
Now my watch a buck eighty
I heard the same pussy niggas hatin'
Them killers comin' stay patient
I made a killing milkin' Okeechobee
I'm talkin' millions with that okey dokey
Pop a molly now that bitch sweatin'
Or is it just a nigga necklace?
I tried to let you pussy niggas eat
I pray that all you pussy boys dease I started with a box Chevy
Then I got the blue Lexus
My bitch stay down with me
So now she got the new Lexus I try to let you pussy niggas eat
It's time to put your pussy boys to sleep
Pussy niggas always wanna talk

I'm busy getting pussy like a fucking boss
I started with a box Chevy
Then I got the blue Lexus
My bitch stay down with me
So now she got the new Lexus
