

# Sister

## Far

My sister always wanted.  
I always wondered what.  
Thought I asked too often.  
How much is never enough?  
My sister used to tell me.  
I used to understand.  
With words & smile & little whispers.  
Just slipped right thru my hands.  
Save me something for today (save me)  
My sister still just wants.  
And I'm still wondering what.  
I think sometimes.  
I ask too often.  
But tell me how much,  
If ever, is it ever enough?  
Save me something for today (save me)
