

# Laid So Low (Tears Roll Down) [US Dance Mix]

## Tears for Fears

Chewed the bone down too low  
Got fed on tea and sympathy  
Blew the sail like the wind  
I wish you were my enemy I was humble for you  
What a fool I've been  
to have laid so low for so long  
So long Into that void of silence  
Where we cry without sound  
Where tears roll down  
Where tears roll down  
And where your mother's violence  
Sent your soul underground  
Where tears roll down  
Where tears roll down Drew the blade way too slow  
Was shackled by your honesty  
Made a mess, I guess I have should have known  
That life was lust and liberty Not a chance mutation  
or the last temptation  
Laid so low for so long  
so low Into that void of silence  
Where we cry without sound  
Where tears roll down  
Where tears roll down  
And where your mother's violence  
Sent your soul underground  
Where tears roll down  
Where tears roll down Into that void of silence  
Where we cry without sound  
Where tears roll down  
Where tears roll down  
And where your mother's violence  
Sent your soul underground  
Where tears roll down  
Where tears roll down
