Happy Home

Blackstreet

Can you make me a, make me a
Make me a happy home?
Can you make me, baby? Oh yeah
You say you want diamonds
You say you want pearls
Big car, big house
You wanna be served
Tell me, lady
Just what can you give
'Cause it's not just material thangs, babe
On which I live
Will you cook?
Will you clean? Yeah
Are you willing to work?
Capture a dream
But above all
I wanna know yeah
Baby can you make me
A happy home?
Make me a happy home
(That's what I want)
I can come running to
(That's what I need, baby yeah)
Make me a happy home
I can come running to
(I can come running to)
Make me a happy home
I can come running to
(Can you do that for me, baby)
Make me a happy home
(Oh yeah)
I can come running to
You want me faithful
You want my time
You want all my good lovin', baby
And keep myself fine
But girl will you love me
Through thick and through thin
There's no doubt we can make it, baby

If your willing to win
Will you cook?
Will you clean?
Are you willing to work?
Capture a dream
But above all
I wanna know, yeah
Baby, can you make me
A happy home

Make me a happy home
(That's what I want, baby)
I can come running to
(Everyday, yeah)
Make me a happy home
(Oh, you see 'cause I get lonely)
I can come running to
(Oh yes, sometimes)
Make me a happy home
I can come running to
Make me a happy home
(I can)
I can come running to
(Teddy, won't you play the music for me)
Play it Ted, keep on playing it for her
Let her know, let her know how you feel, oh yeah
Come on, come on, come on
Now I don't wanna fuss
And I don't fight you, baby
Let just do
Whatever has to be done
'Cause life isn't easy, baby
And nothing is free
Just stick with me, baby
You're all I need, oh
Make me a happy home
(That's what I want)
I can come running to
(That's what I need)
Make me a happy home
(Home, home)
I can come running to
(I can come running to)
Make me a happy home
I can come running to

Make me a happy home
(I'm horse riding now but that's alright)
I can come running to
Make me a happy home
(Can you do that for me, baby?)
I can come running to
(Oh yeah)
Make me a happy home
(I can)
I can come running to
Make me a happy home
(In the midnight hour, baby)
I can come running to
(All I want to do see is you smile and face next to me, next to me)
