

Call Me

Queen

Call me if you need my love
Call me if you need my love Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love She lives in a luxury apartment
In the heart of town
I live in the country
And my house is tumbling down Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love I met her in her neighborhood
I was just passing through
One look was all it took
Yeah, one look or two Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love You got my name
You got my number
You got my number
You got my name
Have mercy Now I'm gonna settle down
Get myself a wife or two
No more of this running around
Like I used to do Call me if you need my love, baby
Call me if you need my love
Call me if you need my love, baby
Call me if you need my love Call me if you need my love, baby
Call me if you need my love
Call me if you need my love, baby
Call me if you need my love
