

Wires

Telekinesis

Usually the way this path is crushing me

And I'm not free

All night torn in bed

Sneer at me. Wires, wires I see.

Wires, wires I see.

Wires, wires I see.

Wires, wires I see. Energy, the silence acts same as, infest please

Dance of the weak, lost and found

I am free

And I know my heart is a color code

And there's not a lot of colors left

Then I see the moon, you can't know.

Wires, wires I see.

Wires, wires I see.

Wires, wires I see.

Wires, wires I see.

Wires, wires I see.

Wires, wires I see.

Wires, wires I see.

Wires, wires I see.
