Megan 2K2 (Even Though It's 2K3 Now)

Reggie and the Full Effect

Got your call the other day
About how you were missing me
Heard your call the other day
Said how you were missing meSomeday you'll wake up and I'll be there
Just for a moment, you'd see
Saw you there across the room
You were staring straight back at meGive you anything you want
All that you want is me
Cross-continental would be okay
Only if we get to stayGoodnight to you
Goodnight to you, to you
Goodnight to you, to youKnow that I'll always come back for you
Know in your heart that it's true
