Big Fish

Captain Gumbo

Sometimes I think it would be better
If you just walked away
And stopped returning phone calls
Come out to see the band play
Lady, Leave me, I will love you more
Sometimes I only speak when
I'm ignored
Big fish, little fish don't swim back to me
Eww eww eww eww
Circle my ship and slip back into the sea
Eww eww eww eww
I'm sending out a
Warning 'cause I think you oughta know
If catching you is easy then I'm gonna have to let you go
Sometimes I wish you wouldn't smile
Every time I come around
And pick me up so easily
Every time I let you down
And baby
Make me

Crazy
If you can
Miscommunicate to make me
Understand
Big fish, little fish don't swim back to me
Eww eww eww eww
Circle my ship and slip back into the sea
Eww eww eww eww
I'm sending out a
Warning 'cause I think you oughta know
If catching you is easy then I'm gonna have to to let you go
Let you go home
I can swim like a stone again
Big fish, little fish don't swim back to me
Eww eww eww eww
Circle my ship and slip back into the sea
Eww eww eww eww
Big fish, little fish don't swim back to me

Big fish, little fish don't swim back to me
Big fish, little fish don't swim back to me
