

# Hold On (feat. Cheat Codes) [Extended Mix]

Moguai

I'm ashamed by the lies and the worthless games  
But the wine and the night make me feel okay  
No other you, no other me, not other us, babe  
One of a kind and I won't let it slip away I can see you in my head  
I can see you in my bed  
I can see you doing all those things we used to do instead  
Or the fights at 2 am  
When you knew I was your man  
The only thing I'm thinking 'bout  
I really gotta hold on Come back home, we can fight  
I can take the blame  
And I bet make-up sex makes us feel okay  
Give it back, give me love  
Don't you run away  
Got a list, couple things that'll make you stay I can see you in my head  
I can see you in my bed  
I can see you doing all those things we used to do instead  
Or the fights at 2 am  
When you knew I was your man  
The only thing I'm thinking 'bout  
I really gotta hold on, hold on  
I really gotta hold on, hold on you  
Hold on you
