In Their Own Right

Fireball Ministry

Insisting on resisting wont put the fires out
The hands of time persisting causing
A thrash about victims of the circumstance
Seeing black and white martyrs or just arrogance
In their own right in their own right
We got the place surrounded
Aint gonna go too far there'll be no thought
Propounded the carnival bizarr falling off
The edge of time army for afight living
Was their only crime in their own right in their own right
