Shoot the Bullet

Queen of Hearts

Letra de Shoot the Bullet -
"Shoot the Bullet"Keep me waiting
for
your love
and
syncopated
we
would touch
bad
in a moment
give it up
and run
shoot a bullet
through my heart
and shatter all inside
you conceale it
but I feel it
all the time
we would play out
love sharade but
behind closed doors
we were scarred hearts
always watching
love depart
shoot a bullet
through my heart and
shatter all inside
you conceale it
but I feel it
all the time
under the moonlight
I pray for your
