

Can't Stop

AZ

What's the use of me of me foolin' myself?

 No matter what I keep tellin' myself

What's the use of me of me foolin' myself?

 No matter what I keep tellin' myself

What's the use of me of me foolin' myself?

 No matter what I keep tellin' myself

What's the use of me of me foolin' myself?

 No matter what I keep tellin' myself

What's the use of me of me foolin' myself?

 No matter what I keep tellin' myself

I don't believe this

I'm makin all these moves

For what?

I do me for a G Note, niece, she's yellin' Nemo

Mama bear, she there, losin' hair cause of the chemo

 Every door buzz, little 'cause see at the peek hole

 Swearin' he holdin' heavy, hidin' out from the RICO

 Coke sold by Chico out the corner bodega

 Him 'n Bobbito, la familia now finito!

 It's deep tho, its like my soul was stole by the repo'

 Resowed in Carlito, and retold on Tivo

 Ice cold wit a ego, dice rolled and somebody's Deebo'd

 Trios expose dikes on the D' Low

 It's love wit my amigos, other niggas they freeload

 Yeah he hold, but my homeys only unload torpedoes

 So please yo, I'm from the killa' cap of the kilos

 Where nigga's clap, and fat bitches get yapped for

 Their cheetos, it's real

 But still blocks is hot like veal

 So cock block, or cop shot, nothin' stops the P.O

What's the use of me of me foolin' myself?

 Lalalalala

 Lalalalalalala

 No matter what I keep tellin' myself

 Won't stop

 Can't stop)

What's the use of me of me foolin' myself?

Wifey want an abortion, her parents divorcin'
Granted, I understand it, but my mans in a coffin
 Who planned it?
I guess they panicked, 'cause they left him in Boston
 He died for a pie, identified by his porcelains
 It's caution, Unc' just got a chunk of some fortune
 Bossin', I guess the paper supportin' extortin'
Tossin' it to them dealers, takin' it like Lakers did Portland
 Cases is costin', so faces won't make it for talkin'
 It's basics, they mistake once they replace it for flossin'
 It soften, never high when dividin' my portion
 Why forever fly till I die, dry from exhaustion
 Move accordin', like they keys on a organ
No sneezin' or coughin', I weeze when I'm walkin', indeed
 We under siege from those D's cause they stalkin'
 Cars is auctioned, homes is seized
OG's extortin' the seeds, now it's the new breed absorbin'

What's the use of me of me foolin' myself?

The names is changed, the games the same
It's playin' fair, but years of Nightmares, like Dana Dane
It ain't clear, but I'm right here still and sayin' the same
Refusin' to shed a tear, tho the pain done came
Provin' I played the game, from cocaine to fame
From rope chains, gazelli frames, I remain to blame
It's deep, but never speak certain names in vein
I know beef, and when it peak, it can strain the brain
No police, it's just creep creep, bang for bang
No grief, brothers deceased, others arraigned and hang
None of us just eatin', maintain the strains
The streets is just the streets, when it rain it rain

What's the use of me of me foolin' myself?

Lalalalala
Lalalalalalala
No matter what I keep tellin' myself
Won't stop
Can't stop

What's the use of me of me foolin' myself?
Lalalalala

What's the use of me of me foolin' myself?
Lalalalala
Lalalalalalala
No matter what I keep tellin' myself
Won't stop

What's the use of me of me foolin' myself?
Lalalalala
Lalalalalalala
No matter what I keep tellin' myself
Can't stop
Won't stop
